Examples of Youth Who are Waiting for a Mentor

- An 11 yr. old boy who describes himself as “fun, playful and smart”. He is a friendly and curious kid who likes math and science, golf, fishing, and enjoys building things. He is looking for a patient and kind mentor who might enjoy doing some of these activities with him.
- A 17 years old girl who loves being outside and staying active. She likes to sing, shop and put outfits together. She is also working on having a positive outlook in life. She needs someone to talk to and hang out with.
- A 16 yr. old boy who is very active and likes sports (especially basketball), music, fishing and outdoor activities. He is also interested in getting his driver's license. He is hoping for a mentor who will play basketball with him and maybe practice some behind the wheel.
- A 17 years old girl who likes music and hanging out with friends. She enjoys interacting with people and learning from them. She is hoping to connect with a caring adult that can be a friend and help her to stay on a path of making good life choices.

Can You Be a Hidden Hero?

What is Hidden Heroes: A mystery match pen pal program that connects youth to caring adults in the community. The adult and youth write each other throughout the school year until the end of the school year, when they will meet their match at a "Reveal Party"!

Why Be a Hidden Hero: This is a great way to mentor a youth in a different way, giving advice and guidance through letters in an easy no pressure environment.

Become a Hero Today!
